Microsoft Azure	Citrix NetScaler	Serverless Architecture and Micro
Microsoft Exchange	Threat Management Gateway	Services
Amazon Web Services	Internet Security and Acceleration	Server and Datacenter Architecture
Vmware vSphere 3,4,5,6	Server	Datacenter Migrations
Vmware Horizon View	SAN/NAS	Pre-Sales
Vmware vCloud Director	Linux Servers	C-level Meetings and Presentations
Vmware vRealize Suite	Veeam/Commvault/Symantec	Business case negotiations
Vmware NSX	Backup	
Vmware Site Recovery Manager		

Siddharth Chaudhary

Experience

Microsoft – Azure Cloud Solution Architect – FSI   Oct 2018 – Till Date

Working as a trusted Advisor for Financial Services customers across Australia responsible for designing and implementing secure, scalable, and reliable solutions on Microsoft Azure. Bridging the business needs with technical architecture, ensuring successful cloud adoption and digital transformation. Offer technical insight, question assumptions, and elevate outcomes.

➢ Architectural Design & Strategy - Translate business requirements into Azure-based solutions aligned with the Azure Well-Architected Framework and Cloud Adoption Framework

➢ Customer Engagement - Act as a **trusted advisor** to senior executives (CTO, CIO) and technical stakeholders.

➢ Solution Implementation - Oversee migration projects, resiliency assessments, and deployment of production workloads. Provide technical guidance during development and deployment phases.

➢ Governance & Compliance - Embed security controls, governance policies, and compliance standards in all designs.

➢ Collaboration & Leadership - Work closely with Product Managers, Engineering Teams, Accounts and Pre-sales teams to represent a unified Microsoft front in every conversation

➢ Continuous Improvement - Stay updated on Azure and other Hyperscale's innovations and industry trends. Assist in developing deliverable collateral for Azure VMware Solution and Well Architected Reliability assessments

Ethan Consulting Service Pty Ltd – Solutions Architect   Oct 2015 – Oct 2018

Ethan Group is an Australian-owned information technology and communications service provider that offers systems integration, technology sourcing, business systems architecture, telecommunications, and information communications technology (ICT) consulting services.
